

Bible Verse cross

Children can make a cross with the Bible Verse though it.

Cut out the Bible Verse strip and the cross. Colour the words of the Bible Verse: the 'death' part of the verse in black, the 'life' part in bright colours.

Cut the two slits on the cross as shown. Thread the Bible Verse strip through the slits, and join the ends into a loop. Pull the strip through the slits so that one word at a time can be seen and read.
